There is a wide difference UNDERSTANDING THE LAW AND BECOMING THE CHRIST

August 27th. 1961 VOL. 10 - NO. 22.

Dear Hearts:

Know that there is a wide difference between <u>understanding</u> the <u>Law</u> and <u>becoming</u> the <u>Christ</u>. The <u>need</u> of more people who understand the Law is great, because they can convey the understanding to others and give them the application by which they, too, may unfold their Divine Plan, and transmute in the painless action of The Sacred Fire the miscreations of their lives. Thus the karma of the one who presents the Law, is greatly lightened by his ability to aid others to make progress on the Pathway, and ofttimes the ones <u>receiving</u> the Law, become the embodiment of It more quickly than the teacher.

Carson

So many of you, my dear ones, have presented the Law through centuries of time, but have not made that Law part of your flesh. This time you must go a step further and <u>become</u> the <u>Truth</u> that you now (through contemplation of these humble words of Mine) so clearly understand, and endeavor to convey to others.

You are, in your journey upon the Planet Earth at this time, being given an opportunity to expand your consciousness and center yourself in The Flame of Love, Wisdom and Power. I say to you, My faithful friends, that you have earned this because of your fidelity to The Light and to those Who carry it.

You have been told before that when We refer to a "lifestream" We mean the currents of Electronic Energy flowing from the Threefold Flame in the Heart of the individual's "I AM" Presence - That constant, surging Sea of Flame pouring into the physical world is directed by the <u>personal</u> self into many channels. These <u>channels</u> and their <u>tributaries</u> form the <u>lifestream.</u> When you turn, in meditation, to this Inward Presence, you link yourself with the Great Power in and through all. When you decree for others you expand the loving blessing of this Great Power into their lives and affairs.

Therefore I say to you, dear wayfarers, "be not weary of well-doing for "I AM" with you every step of the Way."

Love and Blessings

THE BRIDGE TO FREEDOM, INC. SPECIAL GIFT LETTER - SEPTEMBER 1961.

OUR BELOVED MAHA CHOHAN SPEAKS ON THE PRINCIPLE OF FERTILITY

Beloved Ones -

Give thought to the meaning behind the words which I speak to you today.

The life-begetting principle of fertility which is innate in the Universal Life Substance, and which is focused into the formed and unformed, is the hope and despair of evolving man. The consciousness and the bodies of mankind are endowed with the life principle of fertility, and can consciously, or unconsciously, increase and multiply whatsoever desires, ideas and thoughts are allowed entrance into the compass and orbit of their being.

Were the Universal Life Substance not obedient, and did not lend Itself to the nourishment and expansion of desires, ideas and thoughts, much of the unfortunate creation which forms mankind's chains would have been avoided, but, likewise, all the hope of man to becoming co-creator with The Father (The Ever-Present "I AM") would be voided were there no source of nourishment by which desires, ideas, thoughts and feelings could manifest things.

Let us, then, in all our contemplation, rejoice in this creative, life-begetting fertility which fills this Universe, for there is no place within the orbit of The Sun where such Intelligent Light Substance is not present and active. Wherever your body stands you are immersed in this intelligent, pulsating, fertile Substance, which is taking form and creating constantly according to the working of the mind and feeling source.

Now, meditating along this line will show you plainly the importance of being ever alert to what thoughts you entertain, to what emotions you give attention and permit to sway you, aye, and to what words you lend God's Breath. Dear hearts of My Heart, you are co-creators, let your thoughts, emotions and your words create only that which is of a perfect nature so that the Divine Edict for the Planet and Her evolutions may be more quickly fulfilled.

The blessing of this intelligent, fertile Substance, the accepting of Its Presence, the purifying power of Its Radiation is not only a tremendous service but also a drawing forth of more and more of the Good into manifestation in this world for all Substance rushes towards a Fountain of Blessing.

I ask that each one of My chelas watch and pray and be that Fountain of Blessing for, say, twenty-four hours after reading this Message of Mine. Doing so, great will be the Good which flows back into your life.

Friends of Light - For your spiritual support and your help in assisting us to get the Instruction of the Ascended Masters to you, we are eternally grateful.
